CERTIFICATE OF MAILING

I hereby certify that the paper (and any paper or fee referred to as being enclosed) is being deposited on May 16, 2006 with the United States Postal Service via U.S. Mail to: Mail Stop Amendment, Commissioner for Patents, P.O. Box 1450, Alexandria, VA 22313-1450.

Vincent Montalbano

Dear Sir:

INFORMATION DISCLOSURE STATEMENT

Pursuant to the duty of disclosure under 37 CFR §§ 1.56, 1.97 and 1.98, Applicant

requests consideration of this Information Disclosure Statement.

Type of Statement

The present Information Disclosure Statement is:

IX1 An original Information Disclosure Statement; or

A supplemental Information Disclosure Statement.

[X]

Compliance with 37 CFR § 1.97

The present Information Disclosure Statement is being filed:

Pursuant to 37 CFR § 1.97(b); no fee or certification is required:

	[]	Within three months of the filing date of a national application other than					
		a cont	a continued prosecution application under § 1.53(d);				
	[]	Within	n three months of the date of entry of the national stage as set forth				
		in § 1.	491 in an international application;				
	[X]	Before	e the mailing of a first Office action on the merits; or				
	[]	Before	e the mailing of a first Office action after the filing of a request for				
		contin	nued examination under § 1.114.				
[]	Pursu	ant to 3	7 CFR § 1.97(c) after the dates listed above but before the mailing				
	date o	of any of	f a final action under § 1.113, a notice of allowance under § 1.311, or				
	an ac	tion that	otherwise closes prosecution in the application; Applicant hereby				
	eithei	:					
	[]	Certif	ies that either:				
		[]	each item of information contained in the information disclosure				
		[]	each item of information contained in the information disclosure statement was first cited in any communication from a foreign				
		[]					
		[]	statement was first cited in any communication from a foreign				
		[]	statement was first cited in any communication from a foreign patent office in a counterpart foreign application not more than				
		[]	statement was first cited in any communication from a foreign patent office in a counterpart foreign application not more than three months prior to the filing of the information disclosure				
			statement was first cited in any communication from a foreign patent office in a counterpart foreign application not more than three months prior to the filing of the information disclosure statement; or				

knowledge of the person signing the certification after making

reasonable inquiry, no item of information contained in the information disclosure statement was known to any individual designated in § 1.56(c) more than three months prior to the filing of the information disclosure statement; or

- [] Includes herewith the fee set forth in § 1.17(p),
- [] Pursuant to 37 CFR § 1.97(d), after the mailing date of any final action under § 1.113, a notice of allowance under § 1.311, or an action that otherwise closes prosecution in the application; Applicant hereby both:
 - [] Certifies that either:
 - [] each item of information contained in the information disclosure statement was first cited in any communication from a foreign patent office in a counterpart foreign application not more than three months prior to the filing of the information disclosure statement; or
 - [] That no item of information contained in the information disclosure statement was cited in a communication from a foreign patent office in a counterpart foreign application, and, to the knowledge of the person signing the certification after making reasonable inquiry, no item of information contained in the information disclosure statement was known to any individual designated in § 1.56(c) more than three months prior to the filing of the information disclosure statement; and
 - [] Includes herewith the fee set forth in § 1.17(p).

Content of the Information Disclosure Statement

Applicant hereby makes of record in the above-identified application the reference(s) listed on the attached form PTO-1449 (modified). The order of presentation of the references should not be construed as an indication of the importance of the references.

Applicant includes copies of references as indicated below:

[] A copy of each cited reference not indicated with an asterisk is included;

[X] Copies of references indicated with an asterisk on the attached form PTO-1449 are not included pursuant to 37 CFR § 1.98(a)(2)(ii);

[] Copies of English translations of one or more non-English references are included.

Applicant hereby makes the following additional information of record in the aboveidentified application:

Applicant certifies that the Information Disclosure Statement either:

- Does not contain non-English language citations;
- [] Includes one or more translations of a non-English citation; or
- [X] Does contain non-English language citations.

Remarks

The submission of this Information Disclosure Statement should not be construed as a representation that a search has been made.

The submission of this Information Disclosure Statement shall not be construed to be an admission that the information cited in the statement is, or is considered to be, material to patentability as defined in § 1.56(b).

Receipt date: 05/18/2006

The submission of this Information Disclosure Statement shall not be construed as a representation that the information cited in the Statement is, or is considered to be, in fact, prior art as defined by 35 USC §102.

It is respectfully requested that:

- The Examiner consider completely the cited information, along with any other information, in reaching a determination concerning the patentability of the present claims;
- The enclosed form PTO-1449 be signed by the Examiner to evidence that the cited patent(s) and publication(s) has (have) been fully considered by the Patent and Trademark Office during the examination of this application; and
- The citations for the patent(s) and publication(s) be printed on any patent which issues from this application.
- Applicant directs the Examiner's attention to the following related United States patent applications:
